For information leading to the arrest and indictment of person(s) involved in the murder of 5 Students at OSU.

A fire, which started at about 4 a.m. on April 13, 2003 at 64 East 17th Avenue near Waldeck Street east of campus, claimed the life of five students. Two of the students who died were Ohio State students. The three others were students at Ohio University in Athens, about 70 miles southeast of Columbus.

This fire is among the most deadly and tragic to ever occur in Columbus. Investigators now know the fire was intentionally set and the point of origin was the front door. They said there was a party at the apartment complex that about 75 to 100 people attended Saturday night. The party ended about 3:30 a.m., and the fire started at about 4 a.m. on April 13th, 2003. It took 100 firefighters one hour to put the fire out.

It was believed that 15 to 20 people were inside the home when the blaze started. All five people who died were trapped on the second floor. Four were in one room, while another was alone in a separate room.

If you have any information regarding the murder of these five people, please call Crime Stoppers at 1-877-645-TIPS.

Reward being offered by Blue Ribbon Arson fund,
OHIO State University and Central Ohio Crime Stoppers.
